

Summary of advice the Authority has provided to the Privy Council in relation to regulators' council appointments processes

The Authority's role in scrutinising appointments processes

Under arrangements made pursuant to section 25C of the National Health Service Reform and Health Care Professions Act 2002 (as amended), the Professional Standards Authority is responsible for scrutinising the processes used by eight UK health and care professional regulators to recommend individuals for appointment to their governing councils. On the basis of this scrutiny, the Authority advises the Privy Council on whether it can have confidence in the process each regulator has used. The Privy Council takes this advice into account alongside other considerations when deciding whether to make the appointments.

The eight regulators subject to these arrangements are:

- General Chiropractic Council (GCC)
- General Dental Council (GDC)
- General Medical Council (GMC)
- General Optical Council (GOC)
- General Osteopathic Council (GOsC)
- General Pharmaceutical Council (GPhC)
- Health and Care Professions Council (HCPC)
- Nursing and Midwifery Council (NMC)

Further information on the Authority's role in this area, including about how we scrutinise regulators' appointments processes, is available on our website: www.professionalstandards.org.uk

The Authority has advised the Privy Council that it **can have confidence** in the following appointments processes:
