International Foundation for Therapeutic and Counselling Choice (IFTCC)

1. Summary of the matter appealed

- 1.1 This appeal related to an application by the IFTCC for assessment under Standard One (eligibility and public interest test) of the Professional Standards Authority's (PSA) Standards for Accredited Registers.
- 1.2 On 26 March 2026 an Accreditation Panel of the PSA considered the IFTCC's application. The Accreditation Panel found that Standard One was provisionally not met.

2. Appeal Panel Decision

- 2.1 The panel unanimously concluded that the appeal should **not be allowed**.
- 2.2 The Accreditation Panel did not deviate from proper process, did not fail to place due weight on relevant evidence, and did not mischaracterise the IFTCC's position in any material way.
- 2.3 The panel acknowledged areas in which the decision reasons could have been more detailed but found no substantive errors that would have altered the outcome.
