

Turning Insights from Complaints into Action: Patient insights

Paul Whiteing, CEO AvMA

Who are we and what we do?

Helpline – supported by over 100 volunteers

Casework – detailed confidential advice

Inquest service

Lawyers' services and Accreditation

Influence change and improvement

What we hear from patients and families

Not listened to Defensive attitudes No acknowledgement & apology No signposting, advocacy or support Complex and slow processes Lack of independence in any investigation Re-traumatisation leading to compounded harm

Why do patients complain? The evidence

A Review of the NHS Hospitals Complaints system, putting patients back in the picture: Clwyd Hart report. October 2013

NHS Resolution Behavioural Insights Team Report. August 2017

PHSO Broken Trust: Making patient safety more than just a promise. June 2023

But what do patients actually want?

Harmed Patient Pathway – the 6 Commitments

Effective and compassionate communication in line with patients/families' needs

Support and independent specialist advice

Meaningful involvement in patient-safety investigations

Meaningful involvement in patient-safety improvement work

Accepting the needs of patients/families to use parallel processes for answers and accountability

Promotion of a just and restorative culture attentive to the needs of patients and staff

The charity for

patient safety

and justice

Thank you
